Meeting ID: 291 576 044 488

Passcode: JN3283FS

Following the conclusion of participating in this activity participants will:

- Understand pharmacology of Kratom and related products in order to inform management of withdrawal syndrome, kratom-associated adverse events, and Kratom Use Disorder.
- Understand epidemiology of Kratom and related products in addition to demographics and motivations of patients using Kratom
- Apply evidence-informed strategies in the outpatient setting, including supportive care, MOUD, and harm reduction counseling specific to unregulated products.
